MEDSURG Nursing 2004 Subject Index

Alternative Medicine
Complementary and Alternative Medicine: A Qualitative Study of Beliefs of a Small Sample of Rocky Mountain Area Nurses, 383

Apoptosis
Apoptosis: Understanding the New Molecular Pathway, 371

Advanced Practice
The Role of the Clinical Nurse Specialist in Medical-Surgical Nursing, 38
Use of the Insertable Loop Recorder to Detect Cardiac Arrhythmias During Synocopal Episodes, 105
The Confluence of Two Clinical Specialties: Genetics and Assisted Reproductive Technologies, 114
Supporting Patients Through Genetic Screening for Cancer Risk, 233
Familial Hypercholesterolemia: Genetic Predisposition to Atherosclerosis, 253
Genetic Susceptibility to Psychiatric Disorders, 319
The Clinical Utility of Genetic Information in Alzheimer's Disease, 415

Alcohol Withdrawal
Using a Symptom-Triggered Approach to Manage Patients in Acute Alcohol Withdrawal, 15

Alzheimer's Disease
Care of Individuals with Alzheimer's Disease in the New Millennium, 22
The Clinical Utility of Genetic Information in Alzheimer's Disease, 415

Best Practice
Care of Individuals with Alzheimer's Disease in the New Millennium, 22
Ethical Guidelines for Assisting Patients with End-of-Life Decision Making, 87
Implementation of the Peer Review Council, 172

Cardiac Arrhythmias
Use of the Insertable Loop Recorder to Detect Cardiac Arrhythmias During Synocopal Episodes, 105

Cholesterol
Familial Hypercholesterolemia: Genetic Predisposition to Atherosclerosis, 253

Chronic Illness
Cancer Screening in Women with Chronic Illness: The Unanswered Questions, 110

Chronic Obstructive Pulmonary Disease
Informed Nursing Practice: The Administration of Oxygen to Patients with COPD, 82
Update on Chronic Obstructive Pulmonary Disease, 42

Clinical Know-How
Enteral Nutrition: An Update On Practice Recommendations, 131

Clinical Practice
Consumer Health Information on the Web: Trends, Issues, and Strategies, 91
Delirium in the Acute Care Setting, 217
Essential Oncology Facts for the Float Nurse, 165
HIV Disease Susceptibility in Women and the Barriers to Adherence, 97
Legionnaire's Disease: A Current Update, 409
Nurse's Guide to Understanding Thrombolic Occlusion of Central Venous Access Devices, 377
Pain: Geriatric Self-Learning Module, 399
Problems with Eating and Nutrition: Geriatric Self-Learning Module, 405
Sleep: Geriatric Self-Learning Module, 291
Update on Chronic Obstructive Pulmonary Disease, 42
Vitamin B_{12} Deficiency: Issues in Nursing Care, 247

Continuing Education
Admission and Discharge Mobility of Frail Hospitalized Older Adults, 156
An Overview of Cancer in the Older Adult, 75
Apoptosis: Understanding the New Molecular Pathway, 371
Assessment of Pain in Elders with Dementia, 364
Care of the Adult Patient With Cystic Fibrosis, 143
Competent to Care: Strategies to Assist Staff in Caring for Elders, 281
Differentiating Between Pre-Arrest and Failure-to-Rescue, 211
Informed Nursing Practice: The Administration of Oxygen to Patients with COPD, 82
Nurse's Guide to Understanding Thrombolic Occlusion of Central Venous Access Devices, 377
Postoperative Care of an Adult Renal Transplant Recipient, 296
Repeating the Call for Restraint Reduction, 9
Using a Symptom-Triggered Approach to Manage Patients in Acute Alcohol Withdrawal, 15

Cystic Fibrosis
Care of the Adult Patient With Cystic Fibrosis, 143

Delirium/Dementia
Assessment of Pain in Elders with Dementia, 364
Delirium in the Acute Care Setting, 217
Genetic Susceptibility to Psychiatric Disorders, 319

Editorial
A Commitment to Compassion at the End of Life, 74
Advocacy Through Patient Teaching, 364
Competence Increases Comfort for Float Nurses, 142
Patient Advocacy: The *Real* Restraint-Reduction Strategy, 7
The Legal Side of Nursing, 210
Thoughts on a Magnificent Specialty, 280

End-of-Life Care
Editorial: A Commitment to Compassion at the End of Life, 74
Ethical Guidelines for Assisting Patients with End-of-Life Decision Making, 87

Ethics, Law, and Policy
Assisted Suicide and Nursing Ethics, 261
Editorial: The Legal Side of Nursing, 210
Ethical Decision Making and Nursing, 428
Ethical Guidelines for Assisting Patients with End-of-Life Decision Making, 87
Patient Advocacy: Witnessing Informed Consent for Research in Acute Care, 227

Float Nursing
Editorial: Competence Increases Comfort for Float Nurses, 142
Essential Oncology Facts for the Float Nurse, 165

From AMSN
Building Unbeatable Teams, 5
Mentoring Really Matters: Mentor a Colleague, 209
The Leadership Role of Medical-Surgical Nurses: What Is It?, 361
The Stressful World of Nursing, 141
The State of AMSN: Our Year in Review, 278
The Power of Self-Motivation, 73

HIV Disease
HIV Disease Susceptibility in Women and the Barriers to Adherence, 97

Internet Health Care
Consumer Health Information on the Web: Trends, Issues, and Strategies, 91

ISONG News
57, 126, 190, 260

Legionnaire's Disease
Legionnaire's Disease: A Current Update, 409

Medication
Basic Concepts to Prevent Medication Calculation Errors, 62
Balanced Analgesia After Hysterectomy: The Effect on Outcomes, 176

Myocardial Infarction
Women's Inhibitors and Facilitators Associated with Making Behavioral Changes After Myocardial Infarction, 49

Nursing in Genetics
Familial Hypercholesterolemia: Genetic Predisposition to Atherosclerosis, 253
Genetic Susceptibility to Psychiatric Disorders, 319
Supporting Patients Through Genetic Screening for Cancer Risk, 233
The Clinical Utility of Genetic Information in Alzheimer's Disease, 415
The Confluence of Two Clinical Specialties: Genetics and Assisted Reproductive Technologies, 114

Nursing in the Military
Medical-Surgical Nurses Flying High, 336
Military Medical-Surgical Nurses in Operations Other Than War: MEDCAP Missions During Deployments, 129

Nursing Management
Earthquakes in Management, 66
Dam Management, 265

Nursing Pharmacology
Any Science Behind the Hype of 'Natural' Dietary Supplements?, 339
Basic Concepts to Prevent Medication Calculation Errors, 62
New Oncology Strategy: Molecular Targeting of Cancer Cells, 191
The 'Alphabet' of Rheumatoid Arthritis Treatment, 420

Nutrition
Any Science Behind the Hype of 'Natural' Dietary Supplements?, 339
Enteral Nutrition: An Update On Practice Recommendations, 131
Problems with Eating and Nutrition: Geriatric Self-Learning Module, 405
Vitamin B_{12} Deficiency: Issues in Nursing Care, 247

Older Adult Care
Admission and Discharge Mobility of Frail Hospitalized Older Adults, 156
An Overview of Cancer in the Older Adult, 75
Assessment of Pain in Elders with Dementia, 364
Care of Individuals with Alzheimer's Disease in the New Millennium, 22
Competent to Care: Strategies to Assist Staff in Caring for Elders, 281
Delirium in the Acute Care Setting, 217
Pain: Geriatric Self-Learning Module, 399
Problems with Eating and Nutrition: Geriatric Self-Learning Module, 405
Sleep: Geriatric Self-Learning Module, 291

Oncology Nursing
An Overview of Cancer in the Older Adult, 75
Cancer Screening in Women with Chronic Illness: The Unanswered Questions, 110
Essential Oncology Facts for the Float Nurse, 165
Individual Telephone Support for Family Caregivers of Seriously Ill Cancer Patients, 181
New Oncology Strategy: Molecular Targeting of Cancer Cells, 191
Supporting Patients Through Genetic Screening for Cancer Risk, 233

Pain
Assessment of Pain in Elders with Dementia, 364
Pain: Geriatric Self-Learning Module, 399

Professional Practice
Professional Nursing Development: Improving the Way Medical-Surgical Nurses Learn, 196

Professional Issues
Back to Basics: Recruitment, Retention, and Reality, 346
Coaching for Competence, 32
Editorial: A Commitment to Compassion at the End of Life, 74
Editorial: Advocacy Through Patient Teaching, 363
Editorial: Competence Increases Comfort for Float Nurses, 142
Editorial: Patient Advocacy: The *Real* Restraint-Reduction Strategy, 7
Editorial: The Legal Side of Nursing, 210
Evaluation and Revision of a Clinical Advancement Program, 391
From AMSN: Building Unbeatable Teams, 5
From AMSN: Mentoring Really Matters: Mentor a Colleague, 209
From AMSN: The Leadership Role of Medical-Surgical Nurses: What is It?, 361
From AMSN: The Power of Self-Motivation, 73
From AMSN: The Stressful World of Nursing, 141
Implementation of the Peer Review Council, 172
On Leadership: The Transparent Organization: Leadership in an Open Organization, 267
Professional Nursing Development: Improving the Way Medical-Surgical Nurses Learn, 196
The Role of the Clinical Nurse Specialist in Medical-Surgical Nursing, 38

Research
Admission and Discharge Mobility of Frail Hospitalized Older Adults, 156
Balanced Analgesia After Hysterectomy: The Effect on Outcomes, 176
Cancer Screening in Women with Chronic Illness: The Unanswered Questions, 110
Complementary and Alternative Medicine: A Qualitative Study of Beliefs of a Small Sample of Rocky Mountain Area Nurses, 383
Individual Telephone Support for Family Caregivers of Seriously Ill Cancer Patients, 181
Recovery of Finnish Short-Stay Surgery Patients, 326
The Effect of Individual Characteristics on Perceptions of Collaboration in the Work Environment, 312
Women's Inhibitors and Facilitators Associated with Making Behavioral Changes After Myocardial Infarction, 49

Research for Practice
Balanced Analgesia After Hysterectomy: The Effect on Outcomes, 176
Cancer Screening in Women with Chronic Illness: The Unanswered Questions, 110
Complementary and Alternative Medicine: A Qualitative Study of Beliefs of a Small Sample of Rocky Mountain Area Nurses, 383
Individual Telephone Support for Family Caregivers of Seriously Ill Cancer Patients, 181
Patient Advocacy: Witnessing Informed Consent for Research in Acute Care, 227
Recovery of Finnish Short-Stay Surgery Patients, 326
